Weekend at the races, to be exact Moreton races - next year on 5 - 7 July 2019. Friday a Summer session lapped race starting at 8 am and open until 9pm the idea squeeze in a marathon, half or 10k or something over 13 hours before work, after work or take the day off...you choose. Turn up at anytime in that 13 hour period and start running. Get a result time etc and medal, goody bag. Sunday Moreton marathon. Two laps on land and areas where only we run alongside Moreton 10m which will become a one lap race this year.

So lots to choose from, if you do 3 marathons over the whole weekend there will be an extra bling with sparkles on it. <http://whitestarrunning.co.uk/weekend-at-the-races/>

Crafty Fox will return on the same weekend, 7 & 8 September based in the village of Ansty. Bang in the middle of Dorset, providing a tough race with some beautiful scenery.

Camping, beer tent, medals and bling etc. Prizes as always first to third for Ladies and Gentlemen But here's the thing we don't do rubbish scenery, we take our races seriously despite the mucking about & dressing up etc. We live in a most beautiful place and we have the duty to show it off!
