

Merry Christmas WS Runner,

Thank you for sharing some running with us in 2018, we've had a fab year, it's been a bit wet at times but that's not stopped us from having some amazing events. Beast from the East brought us snow in March but luckily Larmer Races didn't see a blizzard. The inaugural Dark Race saw runners conquer Pregnant Sheep Hill in the Dark and love it. The Ox EPIC challenge saw some incredible running over a weekend in May with lots of athletes battling it out for a prestigious cup and the honour of being given the EPIC crown. Cider Frolic got Yarn Bombed thanks to Sarum Sisters and August saw our first event hosted at Moreton Equestrian Centre, which gave some beautiful private running routes on a variety of terrains. Also new for this year was Crafty Fox, another event on private land with amazing scenery across Dorset. Dark Valley ended our season in style with lots of colourful lights and glue sticks lighting up Moors Valley in the rain.

Looking ahead to 2019 some of these are returning and there's a couple of new races up our sleeve. We will continue to aim to organise fun, sociable and value for money running events, for runners of all abilities, with no corporate claptrap.

Here's to 2019, we hope to see you there.
