Ladies - Your chance to book your slot for the team at [Runderwear](#) for a FREE bra fitting appointment whilst at the Saturday races. Appointments are 15 mins and run from 7am until 2pm, on the hour, quarter past, half past & quarter too.

Research has shown that the breasts move in a figure of eight when you exercise; a motion which occurs across all three planes of the body. Put simply, in-and-out, up-and-down and side-to-side. The breasts are only supported by one ligament, so it is important to support and control this motion so that the ligament doesn't stretch over time.

Being regularly measured for the correct bra is really important as the body can change so much due to pregnancy, surgery, weight gain/loss etc. It is important to make sure that the band, which provides 80% of the support of the whole garment, is the correct size and sits in the right position on the body. Likewise, it is important to ensure that the breasts are properly encased within the cups. We know that this can seem daunting, especially if you don't know what you're looking for. The team at Runderwear™ believe that you should replace your bra as often as you replace your running shoes. So book a slot now – Vicki and Abbey from Runderwear™ will help you find your perfect bra, send us a message and well get you booked in with the team

Admin will be open from 7am on Saturday to pick up your numbers inside the pavilion for the 10m race and at the finish tent from 11am for the half numbers. Dog runners your number has been sent out in the post to you Please arrive with enough time to pick up your number. If you know any of the WSR team and live locally (Dorset) you can collect from our offices during these times.

Wednesday 26th February 4-7pm

Monday 2nd March 2-6pm

CHIP INSTRUCTIONS Built into the number is your timing chip, put it on and go. Do not go near the finish line again once you have crossed at the finish, or you will get a false reading and this will make us unhappy. Please make sure you wear your race number correctly so it can be picked up.

In a bid to be more environmentally conscious **we do not supply safety pins** for attaching your race number. **So please remember to bring your own** or wear a number belt or use some **event clips**. A [WSR set are available](#) in the shop and you can collect them at the event.

How to correctly wear your race number

All runners must wear their race number on the front of their race shirt for the duration of the whole run, held on safely by safety pins or bib clips.

Wear your number and be seen. We need to make sure everyone running is part of our organised run, looked after at all times and covered by our insurance.

Please do not wear your number folded up, on shorts, on your back or sides and do not place pins through the chip. If you are wearing a jacket or jumper on over the top of your run number please remove before crossing the finish line to ensure the timing mats record your result.

If not worn correctly then your result from the timing chip may not be recorded. This is your responsibility.

For your safety please ensure that the back of your race number is filled in with all correct information. Help us to help you. We have had to use this in the past and to ensure you get the help required as quickly as possible please always fill it in.

The do not list...

- Do not wear folded up...
- ...on your back or bag
- ...on shorts or side
- ...place pins through chip
- ...cover your bib

Safety On the back of your number write an ICE number, In Case of Emergency & any medical details. This will help us and you. If you are struck by lightning or flake out with exhaustion, we need to get you help as quickly as possible. We recommend that you carry a fully charged mobile phone for emergency use with race HQ emergency number stored. This number is **07930335746** If you need to drop out of the race at anytime we will try and get you as quickly as possible. The good thing is, the race is very centralised and you are never far from an access road or from the finish. We will have 4X4 vehicles and ambulances on standby to come and get you if need be.

Baggage Please give us car keys, it's easier. Presentation of your number will get your keys back, we will only give the person wearing the number their keys. There will **NOT** be a place to store your bags at the finish. Please give us your keys its much easier leave your gear in the car. Please note you keys at your own risk.

Changing There isn't any we are known for random nudity. **Showers** No sorry you will have to go unwashed.

Toilets There will be portalavs at Larmer. There is never enough, we know; we ask you to be patient If it's really muddy we will sort out hoses for you and your shoes bring a towel and change of clothes for post-race food.

The Race / Route

The area in which you are running is typical Dorset woodland and Wiltshire chalk down. All the paths we use are usually well maintained. The course is designed to take in the smashing views and beautiful countryside. The course follows several paths, farm tracks a couple of roads and all are rights of way. The majority of the route is on trails owned by the Rushmore Estate and managed by the Forestry team. We are very grateful to the landowners and farmers in the area for their co-operation in bringing this event to life. All the farms are 7 day a week operations and the farmers have been very helpful moving livestock allowing us to open some gates and helping with logistics. We rely on the goodwill of the landowners please don't do anything to jeopardise our good working relationships. The course will be well marked with signs, arrows; some trees, posts etc will have red and white marker tape around them just to reassure you that you are not lost. **Routes are available on**

the [event webpage](#) with links to OS pages to download GPX files or see a flythrough of the route.

Dogs You are allowed to run with your dog **ONLY IN THE DOG RACE**. The dog must be tethered at all time or on a lead. Any dog seen running unattached the owner will be withdrawn from the race. No arguing. Sheep are loose in some of the fields, livestock being worried will not be tolerated. Sorry to sound harsh but it's a concern. You must clear its poo up responsibly. .

If your dog drops out the race so, do you. .

You are responsible for your dog at all times. **You**. Not us. . Don't leave your dog in the car while you run and **don't bring the dog into admin or the food hall at any time**. . There are no vets onsite you a responsible for the dogs wellbeing. **DO NOT LET YOUR DOG CHASE ANY GAME BIRDS AT ANY TIME**.

Terrain All races are trail races, you knew this right? So therefore about 90% of the routes are off road. There are stretches of tarmac and some made, unmade and almost made road. There will be one or two hills. It will be muddy in places. Please don't swim in the puddles. There may be a ploughed field.....LOL Shoes. Difficult one, trail shoes are recommended, something with a grip. That said studs and spikes are not a good idea. We wore a variety of shoes over the terrain on our test runs. Adidas Kanadia, New Balance thingies (can't remember what they were) were ok. Inov-8 Rocclites and Terraflys were best. Personal choice....you know its like your feet bring everything you own in a back pack and carry them round. We don't recommend road shoes.

CUT OFFS The cut off for the 10 is 3 hours. Cut off in the half is 4 hours. All times are generous you can walk them in less. The event is also a race, so some sort of running is involved. There will be a sweeper in all races and we reserve the right to pull you out of the event if you will not make the cut off. **SWEEPERS ARE GODS** listen to them please.

GATES Most of the gates will be open, if it's shut, its shut for a reason, please shut it behind you, don't leave it open for someone behind you. The last thing we want is an animal escaping. In some places the gates are next to a stile please go over the stile it's easier for you and we don't have to worry about gates being open. Wrestling escaped cows is not fun.

Litter We run in areas of outstanding natural beauty. We do not tolerate littering. We run our races with consent of the farmers and landowners of Dorset and Wiltshire Please please don't throw your litter on the ground pop it in a pocket or hang on to it and deposit at an aid station. Anyone caught littering will be disqualified....and you will be handed to the local villagers and....well have you seen Wicker Man?

Weather The race is in the countryside in March and as we have seen in the past couple of years the British springtime can vary from beautiful warm to belting down with rain. So please take into consideration the previous days weather when considering what to wear on your feet. Trail shoes are recommended. The other year it was snowing when we arrived to set up. Basically be prepared for all eventualities and bring clothing suitable for the changeable Wiltshire climate. If it's blowing a gale and belting down with rain wear appropriate clothing. We won't be cancelling or changing the race if it's inclement weather. ...Beast from the East.....just saying

Roads There are a few road crossings and there are some quiet sections of road in the race. The dangerous crossings will be manned, you are responsible for your own safety, marshals cannot and will not stop traffic for you. If a marshal stops you at a road junction or crossing, it's for your benefit. People round here drive tractors and 4x4s, you are a target and they will win in a "runner vs. 12 ton Tractor game of chicken".

Ipods and MP3 players The perennial question about these devices...is, are they allowed? Yes. We won't drag you out of the race for wearing one, but we advise against it. "WHY? I love my Black Lace Xmas album 1981 album; I can't run without it" Safety is the only reason we don't encourage you to wear them. The roads, as we said are quiet country lanes, but

there are cars, trucks, tractors and even the odd milk tanker out there and you need to hear them and any instructions from marshals and warnings.

Waterstations/Aidstations. Waterstations will be evenly placed. These stations will have plenty of water. All drinks will have cups, if your running with your own cups you will be able to fill them up at aid stations.

Lovestation™ will be here where you will be looked after by the team. Now these aid stations are designed for you to get some cake, a sports drink, a gel, jelly babies, there will be beer and a few savoury bits.

10m - Lovestation™ @ 4.5 miles and Water & sweet Station @ 9.25 miles.

Half Water station & Gels @ 5.3 &, Lovestation™ @ 7 miles, Full Aid station @ 11.8m

We ask everyone to drink and dispose of the litter at the waterstation or carry it with you to the next one. If you have a Camelbak or carry a bottle ask the nice marshal to fill your bottle straight from the container. Please, please dispose of your litter and plastic cups responsibly.

FAQs Based on feedback from our other races

Q. What's a "Lovestation™"? A. At our races we realise that sometimes you need a bit of boost at the bit in the race where you are starting flag, normally 20 miles in marathons, 7 or 8 in a half etc, so we have the Lovestation™. So when you rock up to the Lovestation™ you can have a sit down and glass of something nice like flat Coke or a cider and chew on a cake or Scotch egg and just get your s*** together before venturing on to finish the race. There may be a hug or two. The serious side is we can also have a look at you and assess whether you are in a fit state to carry on. We realise that most of our races are not easy and present some challenges, heat, cold, falling over, hills, exhaustion etc. can all take a toll and we are keen not to have any casualties. We take safety seriously and would only pull you out of the race if we felt you looked like death and for you to continue would put you at risk.

Q. White Star Races have a reputation for being the wrong distance A. It's a trail race not the Olympics, we dare you, yes, dare you to create an off road race and get the distance spot on. Consider it "bonus miles" "Yeah but Bovington?....that's so 2017"

Q. Can I wear an iPod, MP3? A. If you like, we would prefer you didn't. So we are not responsible for your safety on roads if you decide to wear one.

Q. Is there a cash point in the village of Farnham? A. No the nearest free cashpoint is Blandford.

Q. Is there a Costa Coffee/ Starbucks nearby? A. No this is the countryside. But we have a coffee truck on site thanks to Grounded Coffee.

Q. Is parking secure? A. No, lock cars and place valuables out of sight.

Q. Where is the nearest Dr. A&E etc? A. Odstock Hospital Salisbury 30 minutes' drive.

Q. Is it hilly? A. Yes live with it

Q. Do I have to enjoy myself? A. Yes it's the law.

Q. What is the weather going to be like A. We are just consulting our Weather Shamen now. It could be really muddy, might not be dunno, leave your shoes outside the food venue, bring a towel and change of clothes for post-race food, be sensible hahaha if possible

Q. What other races do you organise? A. Right ready? Award winning and most epic Giants Head Marathon, Hilly, Britain's best marathon. OFFICIAL. **The Ox Races, The Crafty Fox and RunJurassic**
